

Cockpit Spray

Introduction

Technical sprays are used in nearly all sectors of modern industry. These sprays are used for care and protection of surfaces, for cleaning, degreasing, dissolving and separating and are essential in daily business.

We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.

WEICON Cockpit Spray is a water-repellent cleaning agent for all plastic and rubber parts. The lasting, invisible protective film prevents soiling and creates an easy-care, dust resistant, silky shine. WEICON Cockpit Spray refreshes dull and weathered plastic. Rubber does not crack, but remains supple and elastic.

Applications

- Eliminates squeaking and creaking noises
- Cares for dashboards, inside cladding, all plastic and rubber parts, leather, wood, and chromium, as well as car roofs covered with synthetic leather
- Prevents the freezing of door, window, and boot seals
- Used as a lubricant for safety belts, seat guides, skylights, window guides, locks, and wherever grease causes soiling.

Technical data

Colour	colourless
Odour	citrus
Temperature resistance	- - - °C
Shelf life (minimum)	24 months
Special features	Discreet satin finish

Processing

Shake can before use. Spray on sparingly and immediately wipe with a clean cloth.

Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation.
