

# Hand Protective Foam

## Introduction

Technical sprays are used in nearly all sectors of modern industry. These sprays are used for care and protection of surfaces, for cleaning, degreasing, dissolving and separating and are essential in daily business.

product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.

WEICON Hand Protective Foam forms a greaseless, invisible, and water-resistant protective film that does not let various kinds of soiling penetrate the skin and pores. This "invisible glove" protects against hazardous substances and irritants from aggressive chemical substances. Through the addition of liposomes, the care effect is considerably improved.

## Technical data

Colour	white
Odour	odourless
Temperature resistance	--- °C
Shelf life (minimum)	24 months
Special features	With liposomes

## Processing

Before starting to work, spray the foam onto the hands and rub it in, not omitting the finger tips and nail beds. Leave it on for 2 minutes until it forms a waterproof and invisible protective film free of grease. It prevents residues of lubricants and soiling of the most different kinds from penetrating skin and pores. After work, the dirt can be washed off very easily with warm water. Only in cases of heavy soiling, use additional cleaning agents. WEICON Hand Protective Foam has been dermatologically tested.

## Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

## Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation.

We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the
